**VISHWANATH
ACADEMY**
creating learners for life

VISHWANATH ACADEMY

विद्या ददाति विनयं विनयाद् याति पात्रताम्। पात्रत्वाद्धनमाप्नोति धनाद्धर्मं ततः सुखम्॥

Knowledge gives humility, from humility, one attains character; from character, one acquires wealth; from wealth follow good deeds (righteousness) and happiness.

I have no special talents. I am only passionately curious.
-Albert Einstein

We at Vishwanath Academy understand that life is a continuous learning process and that education does not mean to learn everything as prescribed in the courses rather education means learning to learn. A school's real task is to make children capable to explore and grow throughout their lives.

We nurture our students to make them grow in all aspects of life. They go beyond books and learn from their life experiences. Apart from regular curriculum the school lays immense stress on sports and co-curricular activities. While sports keep the students physically fit and inculcate team spirit & go for it

attitude, in them, the co-curricular activities harness their creative side.

We, at Vishwanath Academy, believe education is complete, only when a child imbibes strong moral values. And thus like a tree, keeping their roots strongly grounded, they can adapt to every situation in life.

Truly making them learners for life and fostering future.

vishwanathacademy.com

INSPIRING
LEARNERS.
BUILDING
FUTURE.

VISHWANATH ACADEMY

We aspire to make our learners walk the road which leads them to develop a thirst for knowledge such that its discovery leads to the enrichment of life for them as individuals and the community at large.

VISION

We at Vishwanath Academy focus our dedication towards evoking a passion for learning and developing the requisite set of attitudes, skills and knowledge that enable our learners to maximise their potential towards becoming positive, responsible and well informed participants in our democratic and rapidly progressing global community. It is with this ambition that we work towards developing an environment which fosters social accountability, national pride and a curiosity to trigger the mood for self-learning through self-initiation.

MISSION

To create and nurture

Academically
competent students

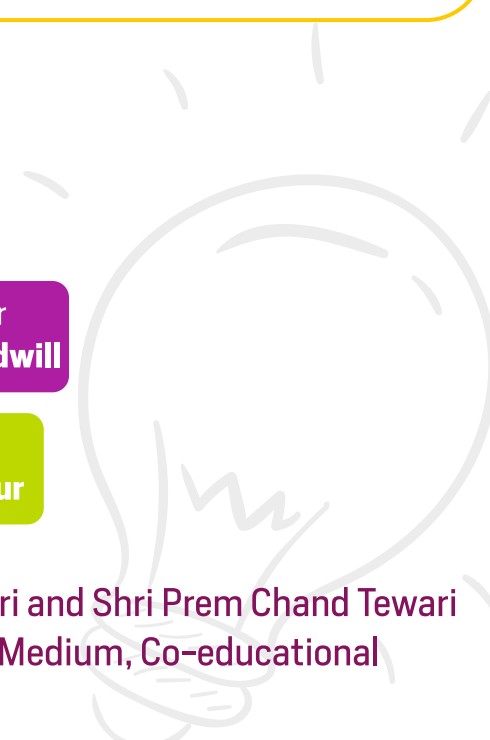

Inquisitive
investigators

Individuals responsible for
social & environmental goodwill

Logical and rational
thinkers

Individuals with empathy
towards one and all

Individuals with
exemplary behaviour

With the dream of equal opportunity for all, Shri Markandey Tewari and Shri Prem Chand Tewari established Vishwanath Academy on 24th April 2006, an English Medium, Co-educational school which is affiliated to CBSE under Vishwanath Group.

The school is registered under the Vishwanath Academy of Sciences, a society for Educational Institutes.

The school, as the dream of both brothers, is a symbol of equality. Apart from regular students, Vishwanath

Academy identifies deserving and good students who cannot afford to study in a good school. It then teaches them absolutely free of cost and goes even to the limit of sponsoring their needs like the school books and stationery.

vishwanathacademy.com

Discouraging coaching culture

We take complete care of students' academic needs to an extent that they should not require any external coaching. In case they require special attention then we arrange for special & extra classes in the school itself.

Creating complete personalities

Along with being academically brilliant, students should also be wonderful human beings and imbibe leadership qualities and should be both mentally and physically strong.

The school hosts several competitions and festivals to help our students imbibe such qualities. Apart from this we get professionals from different fields such as sports, cultural activities like Theatre, Music, Dance, etc. for our students so that they excel in the field of their choice.

Industry connect

Knowledge sessions by industry experts from diverse professional backgrounds.

Special activities for pre-primary section

Sensory education | Colouring | Scribbling | Stringing beads | Clay Moulding etc.

Learning beyond classrooms

Involvement with society and in making the earth a better planet to live viz activities like tree plantation & special stress on Swachh Bharat Abhiyaan.

From our
**Chairman's
Desk**

“The function of education is to teach one to think intensively. Education is the premise of progress. Intelligence plus character that is the goal of the true Education.”

– Dr. Martin Luther King Junior

Education has always been a corner stone of society, the pillar on which the bulwark of human existence rests, the leading light as mankind made its way in the quest of the unknown.

A pivotal role of education lies in shaping the personality of a child into a healthy mind and a happy soul, who is not only equipped with technical skills but also has the knowledge of living life in a balanced and harmonious way.

It's a matter of immense pride for me to humbly state that at Vishwanath Academy, we do practice what we preach. Every child here is taught how to think rather

than what to think, Vishwanath Academy has always been successful in providing its students quality education which encompasses both values & skills and has carved a respectful place for itself in the world of education. I believe that the institution's commitment to such education will always persist in its endeavours. I wish that in future we will achieve greater heights and add more feathers to our school's hat.

SHRI MARKANDEY TEWARI

Founder & Chairman – Vishwanath Group of Institutions

From our
**Director's
Desk**

Vishwanath Academy upholds traditional values while embracing modern infrastructure and pedagogy. Learners from diverse backgrounds, cultures and value systems, enter our vibrant learning community. Here, consistent effort is devoted to mentoring and transforming young learners into confident and capable individuals ready for the future.

At the heart of our educational philosophy is the belief that modern education and cultural heritage complement each other, guiding students to become responsible citizens. This enduring institution stands as a constant source of inspiration for our children, nurturing and uniting families through strong values and shared ethos.

Our dedicated staff follows the motto of **“explore, research and achieve,”** working tirelessly to help the school reach new heights. Our commitment to expanding the mind beyond the obvious is reflected in excellent AISSE and AISSCE results, which reinforce our academic vision. We teach students that failure is simply the

first step toward success, encouraging them to rise after every setback and embrace new opportunities with courage and determination.

We are deeply grateful to the parents of our students for their sincere involvement and unwavering support. Their cooperation strengthens our mission of providing holistic education and helps us create a learning environment where every child can grow, excel, dream, and truly flourish.

SIDDHARTH TEWARI

Director – Vishwanath Academy

Message from the
Principal
(Aashiana Branch)

Education envisions a robust, vibrant and holistic school education that will engender excellence in every sphere of human endeavour.

We at Vishwanath Academy are committed to provide quality education to promote intellectual, social and cultural vivacity among the learners. We encourage our students to think intensively and critically.

Vishwanath Academy provides its students safe, nurturing environment where faculty and staff "go the extra mile" to meet the needs of students. Apart from inspiring students to achieve best possible academic results they are encouraged to acquire habits of being curious, mentally flexible, self-disciplined with an open mind, dignity of conduct and mutual respect in the background of social, cultural and linguistic diversity.

DR. CHARU KHARE
Principal
Vishwanath Academy – (Aashiana Branch)

Message from the
Principal
(Dhawapur Branch)

At Vishwanath Academy we want our students to embrace their gift of uniqueness with confidence, creativity & generosity.

Every day is a new beginning at VNA. Children, here, are educated to excel and develop their innate qualities with great emphasis on eloquent speech. Here teachers leave no stone unturned to help children to have a strong character. The mind of a child is fresh. And at this tender age, we nurture our young learners with love and care so that these innocent minds become high achievers in every sphere of life in later years.

Class activities are conducted regularly every week to focus not only on the child's oratory skills but also on the holistic development of the child. With the unstinted efforts and eagerness for constant improvement in teaching methods and with the

cooperation of parents Vishwanath Academy, Dhawapur campus is constantly treading ahead on the path of progress.

“Learning is their journey, let them navigate. Push them to explore and watch them discover. Encourage them to question and allow them struggle. Support their thinking & let them fly.”

Ms. CHHAYA JOSHI
Principal
Vishwanath Academy – (Dhawapur Branch)

Message from the
**School
Incharge**
(Aashiana Branch)

I am honoured to be a part of the core team of Vishwanath Academy, Ashiana Branch.

I strongly believe that a teacher is a spiritual **ALCHEMIST** who is entrusted with the sacred work of creating responsible and cultured citizens. The overall impetus is on masterminding the procedures to turn the students of the school into assets both at school and at home.

I invite you to join us on this exciting journey of discovery and achievement. Together, we will turn every challenge into an opportunity and every effort into success, shaping the leaders and innovators of tomorrow.

SANJAY MISHRA
School Incharge,
Vishwanath Academey (Aashiana Branch)

अज्ञानतिमिरान्धस्य ज्ञानाञ्जनशालाकया । चक्षोरुन्मीलितं येन तस्मै श्रीगुरवे नमः ॥

(Salutations to the Guru) who removes the darkness of ignorance from our blind (inner) eyes by applying the collyrium of the light of knowledge. By whom our (inner) eyes are opened; salutations to that Guru.

Teachers are the people who have the capacity to instill in the child, love for learning and keeping an open mind to keep questioning. They have the ability to promote confidence, stir thinking and awaken dreams. And thus the biggest responsibility in an educational institute lies on the shoulders of the 'Gurus', the teachers.

At Vishwanath Academy, our highly talented and passionate team of teachers with their diverse education and personal backgrounds bring to the school a rich variety of knowledge and experience, contributing to global awareness, better understanding and education.

The teacher student ratio at Vishwanath Academy is extremely balanced, around 40 students per class, enables teachers to pay attention at every child. Here teachers, in its true sense, are committed to students that stretches from class room to their emotional and personal problems.

The school encourages a healthy communication between parents and teachers in the interest of the child, through meeting sessions between parents, teachers and the principal.

Apart from the teachers the school has a team who is working 24X7 to help students in the best possible way.

The school has:

- Professional Sports coaches
- Music, dance & theater teachers
- Professional Yoga instructors
- Psychologists / Counselors for helping students
- An administrative team
- Lab assistants
- Support staff & Housekeeping staff
- Security Team
- Huge team of drivers for transport along with an assistant for each bus / van

The management of the school, also, is always approachable and available.

THE PEDAGOGY

Vishwanath Academy is affiliated to the "Central Board of Secondary Education (CBSE)." a widely recognised and highly regarded school board in the country following the 10+ 2 pattern of education.

At Vishwanath Academy, we provide effective framework for education through a relevant, broad, balanced, rigorously-taught and monitored curriculum. We place great importance on educating child at their individual level of ability and potential to ensure in becoming a happy learner.

Learning environment enabling and stretching them to learn in a balanced manner and challenging them to meet their diverse needs.

High level thinking skills which will help them tackle the moral, social and cultural issues which are part of growing up.

An environment which allows interaction with peers and assists in development as a social system.

Requisite knowledge and skills for every child.

Through a holistic approach towards learning we aim to provide our students with:

Summative and formative assessments and continuous feedback for improvisation in the learning process.

Primary Years

The primary years at Vishwanath Academy mainly focus on the development of the child as an inquirer, both within and beyond the classroom. The curriculum thus prepares students to become active, caring and being lifelong learners who demonstrate respect for themselves & others and have the capacity to participate in the world around them.

Middle School

This is marked as the most challenging time for pre-teens but can also be quite interesting. Typically it's a time of growth and change therefore we at Vishwanath Academy, take great care and encourage students to make practical connections between studies and the real world.

Senior Secondary School

Considered to be the time when students transition into vocational or technical professions after schooling. Children need highly competent yet friendly environment to bloom and choose from the sea of opportunities available.

New pedagogical and curricular structure of school education

(5+3+3+4): 3 years in pre-school and 12 years in school.

FOUNDATIONAL STAGE (5)

Multilevel, play/activity-based learning

PREPARATORY STAGE (3)

Play, discovery, and activity-based and interactive classroom learning

MIDDLE STAGE (3)

Experiential learning in the sciences, mathematics, arts, social sciences, and humanities

SECONDARY STAGE (4)

Multidisciplinary study, greater critical thinking, flexibility and student choice of subjects

congratulations

TO OUR TOPPERS OF VARIOUS GRADES

Their hard work, focus, and determination have truly paid off. They've made us all proud and inspired many. We wish them to keep reaching for the stars—this is just their beginning.

The FACILITY

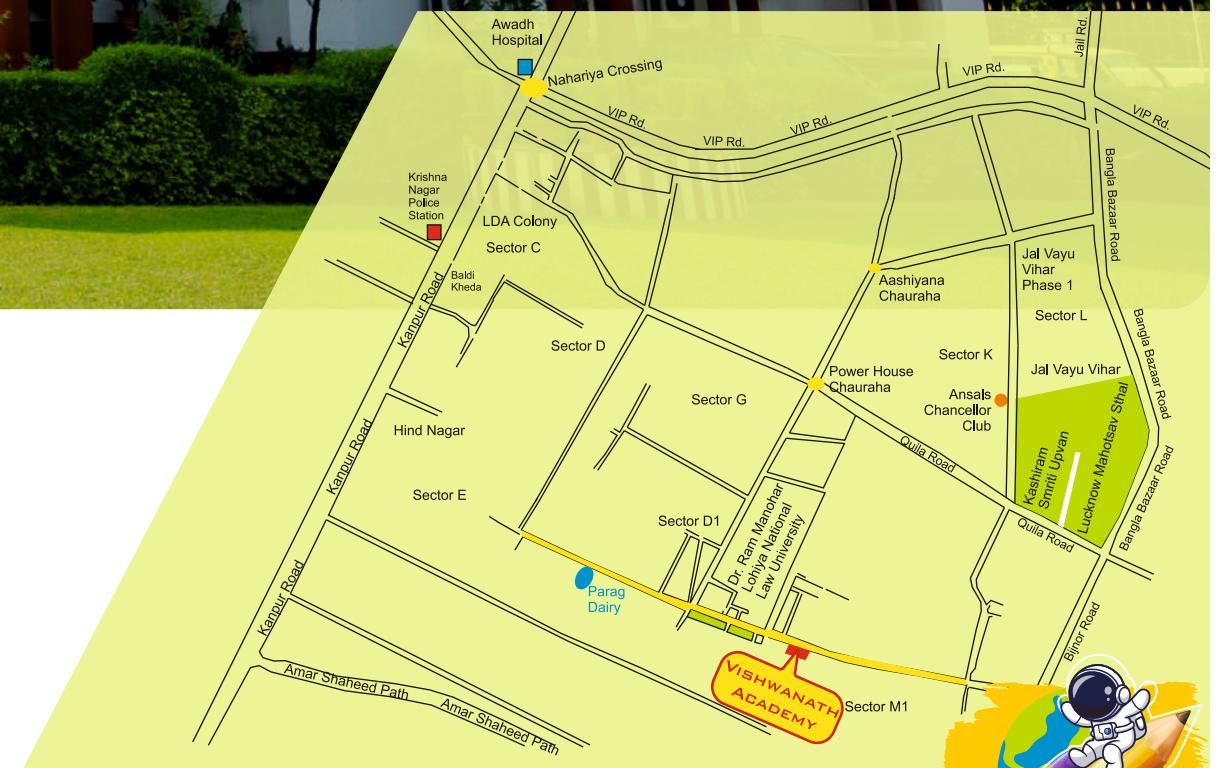

(AASHIANA BRANCH)

Situated amidst a very green colony, Aashiana in Lucknow, the branch has a 2 acres of campus with a seating capacity of more than 2000 students. It is approximately 10 minutes away from the Airport and 15 minutes from Lucknow Railway Station.

The negligible pollution levels and the ever flowing positive energy in and around the campus fills one with confidence and boosts up their morale to do greater things in life.

A building with over 50 classrooms has separate blocks for various disciplines of science, music, art & craft.

A completely self-contained campus, comprises of everything that students would require. Be it state-of-the-art equipment used for teaching & projects or air-conditioned classrooms or well equipped laboratories & library, the school has it all.

The FACILITY (DHAWAPUR BRANCH)

The branch is situated in Dhawapur on Kanpur – Mohanlalganj by-pass. It is at a mere 15 minutes drive from the Lucknow Airport. The campus is huge with a total area of 4 acres and a seating capacity of 3500 students.

It is located in an extremely green locale with almost negligible pollution and uses maximum natural lights. The campus also has a complete system for “Rain Water Harvesting”.

This campus has the following state of the art facilities for students:

72 class rooms | Auditorium (capacity 900) | Smart classes | Science Labs | Computer Lab | Composite Lab | Mathematics Lab | Library | Separate wing for pre-primary students | Music room | Art and craft room | Handball court | Volleyball court | Badminton court | Football | Table tennis | Yoga

SCIENCE LABORATORIES

Both campuses of Vishwanath Academy have fully-equipped and brightly lit Science Laboratories that help experimentation and develop scientific temper among students. There are separate laboratories for Biology, Physics and Chemistry with equipment and specimens to meet the needs of young learners.

EXCELLENCE IN USE OF DIGITAL TECHNOLOGY

Digital learning is a practice of effectively using technology to strengthen a student's learning experience. It emphasises high-quality instructions and provides access to challenging content, feedback through formative assessment, and individualised instructions to ensure all students can reach their full potential.

Increasing equity and access to high-quality digital learning technology has improved the effectiveness & productivity of teachers. But we at Vishwanath Academy believe that technology can never completely replace a teacher, thus, here both go hand in hand.

SMART CLASSES

Besides traditional teaching methods, our schools are equipped with smart classes. Smart classes use all interactive modules like videos & presentations. Such visual aids are both eye-catching and relatable for young students.

E-learning helps to better understand and remember the concepts than the ones read through pages after pages.

COMPUTER LABORATORIES

Both branches of the school have sophisticated Computer laboratories where students of all classes are exposed to the computer aided learning. In each of our labs, we have around 75 personal computers apart from the various multimedia kits, laser and ink-jet printers, scanners, over-head projectors, broad band internet connectivity, etc. We have regular teachers for teaching computer science along with lab assistants.

It is mandatory for all classes to visit computer labs and practice their lessons to have a much better understanding and to develop their skills in using computers.

Apart from teaching computer science the schools use a lot of technology.

State-of-the-art ERP software (Quick-School) to assist in school management programmes.

Our computer networking system enables us to communicate important messages to parents via the SMS server.

We also have a **biometric system of attendance** for the teachers.

Most of our teaching staff and the admin team is also well trained in usage of computers.

INSPIRING
LEARNERS.
BUILDING
FUTURE.

VISHWANATH ACADEMY

LIBRARY

We at Vishwanath Academy know and understand the significance of books in one's life and thus we try to instill habits of not just reading but also thinking in all our students. Both branches of the school maintain well-furnished libraries and reading rooms which, apart from a vast collection of books on diverse subjects and cultures, also subscribe to a wide range of Newspapers, Magazines, Journals & Periodicals. The school libraries also house a huge collection of Dictionaries, Encyclopedias, Books on General Knowledge and Year Books.

TRANSPORT

Vishwanath Academy provides transport facilities to all its students. The school has a dedicated transport staff in both branches along with a fleet of buses and vans to pick and drop students from across the city with complete safety and care. The school on the other hand prohibits students to get their own personal vehicles to the school to ensure their safety on roads.

Apart from these, the schools have various other facilities too:

AASHIANA BRANCH

- Big and airy classrooms (50 classes)
- Auditorium
- Music room
- Art and craft room
- Sports field and facilities

DHAWAPUR BRANCH

- Big and airy classrooms (72 classes)
- Separate wing for pre-primary students
- Mathematics Laboratory
- Composite Laboratory
- Auditorium
- Music room
- Art and craft room
- Sports field and facilities

SECURITY

For us at Vishwanath Academy the safety of students comes first. The school thus has employed a professional security agency, which provides Security Guards and Housekeeping Staff for the school. They not only look after the safety of students within the school campus but also assist the school's staff and faculty taking care of the students.

CREATING CHAMPIONS

At Vishwanath Academy sports is given immense significance. **We believe there are some merits in one's character which can be best imbibed if a student is also a sportsman. Merits like team spirit, never to say no attitude, a deep sense of respect for people, a fighter's attitude, active living and physical fitness to name just a few.** And thus we aim to provide a co-ordinated and planned approach towards high quality sports.

Both branches of Vishwanath Academy have plenty of arrangements for sports and games.

- Playgrounds / Sports' Fields
- Volley Ball Courts
- Basket Ball Court
- Badminton Courts
- Football
- Taekwondo
- Skating
- Table Tennis

All classes in our school have a mandatory games period.

Our school promotes all sports and helps students to develop their skills in them but Volley Ball and Table Tennis are two sports which the school stresses upon the most.

Our students, from time to time, have made us proud by winning various competitions at the local, state and national level. Our students have won the cluster '4', overall Championship in session 2014 -15 in Table Tennis, and the Bronze Medal in under 14 Category (Boys) in Table Tennis at National Level.

Apart from these, the school lays great importance to athletics and sports like Cricket and Football.

LEARNING **BEYOND CLASSROOM**

“To keep the body in good health is a duty, for otherwise we shall not be able to trim the lamp of wisdom, and keep our mind strong and clear.” - Gautam Buddha

Complementary to each other, these aspects of development are quintessential parts of healthy existence. At Vishwanath Academy we endeavour to nourish our students for the challenges of the future simultaneously ensuring that their childhood is not swallowed in by the onslaught of the pressures of today's competitive world. And thus, considerable emphasis is laid on intra-mural and extra-curricular activities which challenge not only the physical but also the mental capabilities of our learners.

KNOWLEDGE SESSIONS BY INDUSTRY EXPERTS

Motivational counseling is a brief evidence – based counseling style used to reduce adult and adolescent risky behavior. In recent times, these counseling sessions are given in the school in context to promote positive student outcomes (eg.: academic behaviour and mental health). An evaluation of training for lay providers in the use of these counseling sessions to promote academic achievements among youth.

YOGA CLASSES

The ancient practice of Yoga offers a multitude of benefit to modern day students at almost every grade level. Yoga's combination of breath and movement can help alleviate social and academic

stress, clear the mind and soothe cramped bodies which are jammed into desks and hunched over computers.

MUSIC & DANCE CLASSES

A strong musical education helps to develop self-discipline and helps in developing a habit in conjunction with other subjects. It also helps to increase organisational skills and ensemble experience to build team work.

Apart from these the school indulges the students in various activities like **Theatre, PT periods, Debates & Elocutions, Interhouse Academic Competitions, etc.**

STEPPING **BEYOND** SCHOOL GATES

The World today is a global village. The lands and opportunities are endless. As part of our education system, we wish to prepare our learners to become globally responsible citizens who can hold their own fort at any given point in time.

This aspiration makes education a challenging process and takes it beyond imparting text book knowledge. It means developing a sensitive attitude, empathy and rational thinking.

We believe that the responsibility of our students does not end once they step outside the school

campus or the comfort of their homes, but as responsible citizens increases two folds. As citizens of the 21st century, we need to instill in our learners appreciation for social cultures, differences in individuals and high level of thinking skills where they can differentiate between right and wrong.

As members of a society our students must have the ability to recognise the interdependence of people around the world, and realise that social and economic injustice, racial and ethnic inequality, and ecological loss affects all people.

We at Vishwanath Academy have already taken several initiatives to give back to the society.

01

We do regular tree plantation drives in and around our school campus.

02

We invite the underprivileged children to our school to celebrate festivities with us. They are not only invited but also given several goodies to take back and celebrate with their families.

03

Vishwanath Academy involves all its students to bring their old books, clothes & toys which can be donated to these under-privileged children.

INSPIRING
LEARNERS.
BUILDING
FUTURE.

VISHWANATH ACADEMY

COLOURS OF VNA

School today is no longer confined to class room instructions. It is much more than academic lessons and qualifications. Many of the most important lessons are those which students learn as part of team games, cross fertilisation of ideas, competitions and collaborative work.

To pave the way for such non-cognitive learning we organise a variety of competitions and cultural events which also support formal learning. A sense of belonging and loyalty are promoted in the students by dividing them into four different houses, inter class/house competitions such as Debate, Recitation, Fancy Dress, Group Song, Folk Dance, Rangoli, Art And Craft etc. provide learning experiences which enrich the educational and social development of the students.

One such event which we organise is Rang Birang. It is an annual fair cum exhibition of art & craft creations by the Young Vishwanathans. Organised during the winters it has now turned to an exciting annual event where not only the students are excited to exhibit their talents but also the guests.

Morning assemblies arranged class wise on rotational basis is a forum for the students to address a large audience and express themselves. Every student is encouraged to participate indiscriminately with the intention of nurturing and developing inner talents. The School also has various Activity Clubs which allow the learners to pursue any interest of their choice.

Hand in hand with class-room education, the co-curricular events provide students with an opportunity to be a part of a broad spectrum of activities which promote the development of a **"Complete Being"**.

Some of these activities are:

Dramatics

Quizzes

Art / Craft

Literary Activities

Music & Dance

Some of the activities in Pre-Primary Section:

Sensory Education -Recognize sounds, Textures

Colouring

Motor Development

Scribbling

Stringing beads

Clay moulding

vishwanathacademy.com

ADMISSIONS

Being a prestigious institution, we take in students who will contribute and foster the principles of inter-mingling and culture, we make sure that students admitted to Vishwanath Academy possess certain qualities, it is the first place where he/she begins communicating with other people and as responsible educators it is our duty to provide conducive atmosphere.

For admission in Vishwanath Academy, please follow the below mentioned procedure accurately.

AGE CRITERIA

FOUNDATIONAL (PRE-NURSERY / BAAL VAATIKA)

Nursery : 3+ years
LKG : 4+ years
UKG : 5+ years

PREPARATORY

Class 1 : 6+ years
Class 2 : 7+ years
Class 3 : 8+ years

MIDDLE

Class 4 : 9+ years
Class 5 : 10+ years
Class 6 : 10+ years

SECONDARY

Class 7 : 11+ years Class 8 : 12+ years
Class 9 : 13+ years Class 10: 14+ years
Class 11: 15+ years Class 12: 16+ years

DOCUMENTS

At the time of registration, the following documents along with registration fee should be submitted to the Front desk of administrative section.

- 4 coloured passport size photographs of the child with name printed in the front
- 2 coloured passport size photographs of both parents
- 2 coloured passport size photographs of local guardian (if applicable)
- Copy of the child's birth certificate
- Copies of Aadhaar Cards of the Child, Mother, Father and the Local Guardian
- Copy of the previous school's progress report/marks card and other certificates
- Copy of the transfer certificate
- Medical certificates (where applicable)
- Certificates as proof for SC/ST/OBCX/EWS child (where applicable)
- Income certificate (compulsory for students of Class 9th to 12th)
- Merit certificate of scholarship (if received from a Government / Private Body)
- Certificates of awards & recognition (where applicable)

Note: Incomplete or illegible Registration forms, without photos will not be accepted.

ADMISSION TEST

- A basic admission test will be conducted on specified date for eligibility of that particular class.
- Only those candidates who clear the written test will be called for an interview, both parents are required to be present at the time of the interview.
- The admission would be confirmed only after the final interview.

MID-TERM ADMISSION

Only meritorious students will be considered for mid-term admission on grounds of transfer or change of school.

The school reserves the right to admit a student in the appropriate class after examining the student. Even after the admission is granted the student can either be adjusted in lower or higher class, which ever the case may be, depending upon the student's ability at the discretion of the authorities.

TRANSFER CERTIFICATE

Transfer Certificate (TC) from the previous school must be submitted within 15 days after the commencement of the academic session.

LOOKING FORWARD

"It's better to look ahead and prepare than to look back and regret."

– Jackie Joyner-Kersey

Vishwanath Group of Science has contributed to the society in the form of many successful professionals and wholesome citizens. As part of our future endeavours, we look forward to guiding our students down the exemplary path that many previous disciples all around have walked on.

The future generations are in our hands, and we eagerly await the challenge of training them to not only reason in terms of traditional disciplines, but also in developing the ability to use this training in

creative thinking and problem-solving that in most instances tends to merge understanding from a number of different perspectives.

Our visualisation for tomorrow is learners who have acknowledged the potential of the advancement and diffusion of knowledge as the only guardian of the future –a tool which will assist them in shaping their tomorrow into a blissful merger of ethics, responsibility, courage, sensibilities and success.

FUTURE ENDEAVOUR

Aligned with NEP 2020

In accordance with the National Education Policy (NEP) 2020 and the CBSE curriculum framework, Vishwanath Academy, is committed to transforming education by fostering holistic, multidisciplinary, and learner-centric development, preparing students for the challenges of the 21st century.

Experiential and Technology-Integrated Learning

The school aims to strengthen experiential learning through smart classrooms, digital platforms, virtual laboratories, Artificial Intelligence, coding, robotics, and STEM/STEAM education. Technology will be used as a tool to promote creativity, innovation, critical thinking, and problem-solving, as envisioned in NEP 2020.

Holistic Development and Well-Being

In line with NEP 2020's emphasis on holistic education, equal importance will be given to academics, sports, arts, vocational skills, yoga, mindfulness, and value education. The school will enhance programmes that support students' physical, emotional, social, and ethical well-being, nurturing confident and balanced individuals.

Multidisciplinary and Skill-Based Education

The institution plans to adopt a multidisciplinary approach, encouraging flexibility in subject choices and integration of vocational education from an early stage. Skill-based learning, internships, hands-

on projects, and real-life applications will be promoted to develop employability, entrepreneurship, and lifelong learning skills.

Financial Literacy and Entrepreneurial Mindset

To prepare students for real-world challenges, the school intends to introduce financial literacy, basic economics, entrepreneurship, and commercial awareness at age-appropriate levels. Activities such as innovation labs, start-up clubs, business simulations, and career guidance programmes will help students build financial and business acumen.

Teacher Empowerment and Continuous Improvement

Recognising teachers as the backbone of quality education, the school will prioritise continuous professional development, NEP-aligned pedagogical training, and the adoption of innovative teaching practices to ensure academic excellence and student engagement.

Sustainability and Inclusive Education

The school is committed to creating a sustainable, inclusive, and safe learning environment, promoting environmental awareness, digital equity, and support for diverse learning needs, in harmony with NEP 2020's vision of equitable education for all.

Vishwanath Academy:
Enabling learners to maximize their potential

Vishwanath Academy was founded by chairman Markandey Tewari in April 2006. At Vishwanath Academy, the focus is on dedication towards evoking a passion for learning. Developing a requisite set of attitude, skill and knowledge enables learners to maximize their potential towards becoming positive, responsible and well-informed participants in the democratic and rapidly progressing global community.

education and cultural heritage, and environment where student into responsible citizens. This educational edifice is a perpetual source of inspir children. Vishwanath Academ families through a resilient of values and ethos, nur community where every thrives. Its dedicated staff adh motto of explore, research, a channeling selfless and relent

Affiliated to the Central Board of Secondary Education (CBSE), Vishwanath Academy provides an effective framework for education through a relevant broad, balanced and rigorously taught and monitored curriculum. They place great importance on educating the "whole child" at their individual level of ability and potential to ensure a happy learner.

The collage consists of four small rectangular photographs arranged in a 2x2 grid. The top-left photo shows two young boys sitting at a desk, looking at a book or paper. The top-right photo shows a group of children standing in front of a building, possibly during a school assembly or event. The bottom-left photo shows a large, modern school building with a prominent entrance and many windows. The bottom-right photo shows a group of children sitting on the ground outdoors, engaged in an activity.

Senior year is the time when students can transition into a vocational or technical profession. After schooling children need a highly competent yet friendly environment to bloom and choose from the sea of opportunities available. Vishwanath Academy as the learners down the road them to develop the thirst / such that it leads to enrich them as individuals and the at large.

We aim to become a beacon of transformative education'

...math Academy, a school in Lucknow, has made remarkable impact with its approach towards education. In a transformative journey towards becoming a beacon of transformative education, the school's journey is marked by its commitment to excellence. Director of the academy, whose vision is to create a well-rounded education, has been a lasting impression on its students. In this journey, we explored the principles, the distinctive features of the school apart from the others, and the plans for the future.

Principles define your approach to learning?

The school's approach is a holistic one, aiming to blend rigorous academics with the nurturing of creativity and adaptability. It emphasizes character building, not just academic excellence, but also teamwork and equipping students with the skills to thrive in a diverse world. This distinguishes the school from others in the market.

How does your institution evolve over the next decade?

Over the next decade, we aim to become a beacon of transformative education, celebrated for empowering students to lead with purpose. We plan to expand experiential learning opportunities, integrate sustainability-focused programs, and build global partnerships. Our focus is on technical education, preparing them for both tech-driven and interpersonal challenges.

How does your institution harness digital resources mindfully while sharpening analytical reasoning, communication, and manual problem-solving skills—

And interpersonal challenges. We are shifting from your institution of knowledge to a platform of experience.
